

# The Challenge of Regulating Sustainability

## International Student Energy Summit

---

Dan McFadyen, Chairman

June 2009

## The ERCB regulates

- 163 000 oil and gas wells
- 38 000 other energy facilities
- 410 000 kms of pipeline

## **Policy-makers and Regulators**

**Sustainability**

## **Flaring and Venting: A Sustainable Solution**

Key Benefits to:

- Environment
- Public
- A model for the World Bank
- Industry
- ERCB

## **The Challenge**

How can we regulate non-renewables in a sustainable way?

**Our door is always open.**
